

Dr. Edward N. Tihen (1924-1991) was an avid reader and researcher of Wichita newspapers. His notes from Wichita newspapers -- the "Tihen Notes," as we call them -- provide an excellent starting point for further research. They present brief synopses of newspaper articles, identify the newspaper -- Eagle, Beacon or Eagle-Beacon -- in which the stories first appeared, and give exact references to the pages on which the articles are found. Microfilmed copies of these newspapers are available at the Wichita State University Libraries, the Wichita Public Library, or by interlibrary loan from the Kansas State Historical Society.

BEACON 1933**Monday, July 24, 1933****page**

1. The old weather kiosk (see above) was sold at auction at 11:00 a.m. today for only \$3.00 to H. B. **Damon**, Wichita salesman, by Wichita meteorologist, M. B. Stubbs, who acted as auctioneer. The kiosk, which weighs about 3500 pounds, must be moved from the present site and the sidewalk restored by the purchaser. It was put in operation here in January 1913 after a successful petition sponsored by the Wichita Real Estate Board the year before, to the Department of Agriculture, which was then in charge of the weather bureaus and had purchased a number of kiosks in 1912 to erect in various parts of the country.
