

Dr. Edward N. Tihen (1924-1991) was an avid reader and researcher of Wichita newspapers. His notes from Wichita newspapers -- the "Tihen Notes," as we call them -- provide an excellent starting point for further research. They present brief synopses of newspaper articles, identify the newspaper -- Eagle, Beacon or Eagle-Beacon -- in which the stories first appeared, and give exact references to the pages on which the articles are found. Microfilmed copies of these newspapers are available at the Wichita State University Libraries, the Wichita Public Library, or by interlibrary loan from the Kansas State Historical Society.

9. The first 33 acres of a 100 acre community near 13th and Oliver will be opened for the sale of lots Sunday. The tract is located between the Claude R. Lambe and John D. McEwen estates. Claude R. Lambe is exclusive agent for the property. The community is being engineered and planned by the firm of Harmon and O'Donnell of Denver, nationally known planning engineers. Lambe said the two additions, Lambsdale and McEwen Estates, are being laid out with curving streets. Lots will have 70 to 150 foot frontage, and will be restricted to individually built homes of \$16,000 and up. The east portion of the area will be developed first, with 77 home sites being provided on both sides of Edgemoor.
