Literary Rights

Literary rights were not granted to Wichita State University. When permission is granted to examine the manuscripts, it is not an authorization to publish them. Manuscripts cannot be used for publication without regard for common law literary rights, copyright laws and the laws of libel. It is the responsibility of the researcher and his/her publisher to obtain permission to publish. Scholars and students who eventually plan to have their work published are urged to make inquiry regarding overall restrictions on publication before initial research.

Restrictions

None

Content Note

The Robert H. Hess Collection contains reports and articles pertaining to water in Wichita, Kansas from 1938-84. These include annual reports, water studies and plans, and information about specific projects in the area. Documents related to professional awards Hess received, and a number of career related photographs are also included.

Biography

Robert Harlan Hess was born in Caldwell, Kansas, in 1910. In 1936 Hess received a Master's of Science degree from the University of Kansas. He then worked for the Water Supply Division of the City of Wichita, Kansas, from 1940 until he retired in 1973, serving as Chief Chemist, Superintendent, and eventually becoming the Director in 1955. During his career, Hess was instrumental in the development of the Equus Beds and Cheney reservoir as water resources for Wichita. Hess died in December 1993.
