Literary Rights

Literary rights were not granted to Wichita State University. When permission is granted to examine the manuscripts, it is not an authorization to publish them. Manuscripts cannot be used for publication without regard for common law literary rights, copyright laws and the laws of libel. It is the responsibility of the researcher and his/her publisher to obtain permission to publish. Scholars and students who eventually plan to have their work published are urged to make inquiry regarding overall restrictions on publication before initial research.

Restrictions

None

Content Note

The materials in this collection are from William Salome's tenure as the Kansas Water Resource Board in 1968. Materials include correspondence, reports and a summary of water research projects in Kansas, flood control and water resources development for the Blue River, proposed site for Grove Reservoir, a history of Milford Reservoir, and a general plan for Lyons Creek Watershed.
