### Content Note

The Dwane Wallace Collection contains production information; reports, specifications and engineering data; commercial publications and miscellaneous papers; drawings and blueprints; photographic images; films; microfilm and artifacts; pertaining to the Cessna Aircraft Company. The focus of the collection is on specific Cessna models, primarily from the 1940s through the 1960s..

---

### Biography

A graduate of Wichita University in 1933, Dwane Wallace, along with his brother Dwight and uncle Clyde Cessna, brought about the reopening of the Cessna Aircraft Company in 1934. Wallace became general manager of the company, later to become the company's first Chairman in 1964, and was the driving force behind Cessna Aircraft until his death in 1988.
