

Dr. Edward N. Tihen (1924-1991) was an avid reader and researcher of Wichita newspapers. His notes from Wichita newspapers -- the "Tihen Notes," as we call them -- provide an excellent starting point for further research. They present brief synopses of newspaper articles, identify the newspaper -- Eagle, Beacon or Eagle-Beacon -- in which the stories first appeared, and give exact references to the pages on which the articles are found. Microfilmed copies of these newspapers are available at the Wichita State University Libraries, the Wichita Public Library, or by interlibrary loan from the Kansas State Historical Society.

4. In addition to the three two-story brick buildings now under way on the northeast corner of Douglas and Water with W. P. McCarthy building the corner building and Mr. A. Dodge the other two, we learn that Mr. Niederlander will at once put up a fourth on the next lot east and Mr. Batch a fifth adjoining Niederlander's. This will make a fine new block of five store rooms 80 feet deep.
