

Dr. Edward N. Tihen (1924-1991) was an avid reader and researcher of Wichita newspapers. His notes from Wichita newspapers -- the "Tihen Notes," as we call them -- provide an excellent starting point for further research. They present brief synopses of newspaper articles, identify the newspaper -- Eagle, Beacon or Eagle-Beacon -- in which the stories first appeared, and give exact references to the pages on which the articles are found. Microfilmed copies of these newspapers are available at the Wichita State University Libraries, the Wichita Public Library, or by interlibrary loan from the Kansas State Historical Society.

- 4A. A \$3 million addition to the C-G-F Grain Company terminal elevator ten miles southwest of Wichita was completed the past week, bringing its capacity to 23 million bushels. It is considered to be the world's largest elevator under one roof. Other additions planned for the elevator, owned by the R. H. Garvey family, will boost its capacity to 35 million by the end of the year. Photo.
