

Dr. Edward N. Tihen (1924-1991) was an avid reader and researcher of Wichita newspapers. His notes from Wichita newspapers -- the "Tihen Notes," as we call them -- provide an excellent starting point for further research. They present brief synopses of newspaper articles, identify the newspaper -- Eagle, Beacon or Eagle-Beacon -- in which the stories first appeared, and give exact references to the pages on which the articles are found. Microfilmed copies of these newspapers are available at the Wichita State University Libraries, the Wichita Public Library, or by interlibrary loan from the Kansas State Historical Society.

page

- 1G. The old Northern Building at northwest corner of 2nd and Main Streets, is to be razed some time this winter in clearing of the site for the city-county-federal building complex. Ownership of the building was transferred to the Wichita Urban Renewal Agency on August 1, and the building is to be vacated by October 31. The original building was built by an Iowa farmer and designed by a Kansas City architect (sic -- Wichita architect C. W. Terry designed it) in 1887. L. W. Clapp later acquired the building and built a 25 foot addition to the north in 1909. Details. Photos.
