

Dr. Edward N. Tihen (1924-1991) was an avid reader and researcher of Wichita newspapers. His notes from Wichita newspapers -- the "Tihen Notes," as we call them -- provide an excellent starting point for further research. They present brief synopses of newspaper articles, identify the newspaper -- Eagle, Beacon or Eagle-Beacon -- in which the stories first appeared, and give exact references to the pages on which the articles are found. Microfilmed copies of these newspapers are available at the Wichita State University Libraries, the Wichita Public Library, or by interlibrary loan from the Kansas State Historical Society.

- 1G. The large three story mansion in 1300 block of North Broadway is to be torn down. It was built in 1880 by Charles L. Davidson, Wichita's first mayor under the commission form of government in 1909 and 1910, and has had only three owners. Davidson, a native of New York, came to Wichita as a young boy in 1872 and was an active business man in Wichita for many years. In 1925 the house was purchased by physician Dr. Howard G. Norton, and in 1943 it was sold to Ralph Helt, a Wichita manufacturer. A few years ago he remodeled it into an apartment house, keeping the downstairs portion for the Helt family. He and his wife built and moved to a new home last year. Now the house stands empty. ¶ Further details. Photo.
