

*Dr. Edward N. Tihen (1924-1991) was an avid reader and researcher of Wichita newspapers. His notes from Wichita newspapers -- the "Tihen Notes," as we call them -- provide an excellent starting point for further research. They present brief synopses of newspaper articles, identify the newspaper -- Eagle, Beacon or Eagle-Beacon -- in which the stories first appeared, and give exact references to the pages on which the articles are found. Microfilmed copies of these newspapers are available at the Wichita State University Libraries, the Wichita Public Library, or by interlibrary loan from the Kansas State Historical Society.*

2A. Ground was broken yesterday for the \$24.5 million new tower building for *St. Joseph Hospital and Rehabilitation Center*. To be completed in 1976. Photo. Details.

**Sunday, May 2, 1976****page**

1D. *St. Joseph Medical Center*, formerly St. Joseph Hospital and Rehabilitation Center, yesterday began moving the first 100 of approximately 300 patients into its new facility at Clifton and Harry Streets. Some finishing touches still remain to be done on the new seven story, 400 bed hospital building. The west campus building-the old hospital-will continue to be used for various departments. Two of the buildings facing Zimmerly Street have been leased to the Wichita Catholic Diocese for a five story Catholic Center for the Aging. Details.
